

Reimbursement Policy:

ASC Grouper 2024

POLICY NUMBER	REVIEW DATE:	APPROVED BY
RPC20230048	3/25/2024	RPC (Reimbursement Policy Committee)

Reimbursement Guideline Disclaimer: We have policies in place that reflect billing or claims payment processes unique to our health plans. Current billing and claims payment policies apply to all our products, unless otherwise noted. We will inform you of new policies or changes in policies through postings to the applicable Reimbursement Policies webpages on emblemhealth.com and connecticare.com. Further, we may announce additions and changes in our provider manual and/or provider newsletters which are available online and emailed to those with a current and accurate email address on file. The information presented in this policy is accurate and current as of the date of this publication.

The information provided in our policies is intended to serve only as a general reference resource for services described and is not intended to address every aspect of a reimbursement situation. Other factors affecting reimbursement may supplement, modify or, in some cases, supersede this policy. These factors may include, but are not limited to, legislative mandates, physician or other provider contracts, the member’s benefit coverage documents and/or other reimbursement, and medical or drug policies. Finally, this policy may not be implemented the same way on the different electronic claims processing systems in use due to programming or other constraints; however, we strive to minimize these variations.

We follow coding edits that are based on industry sources, including, but not limited to, CPT® guidelines from the American Medical Association, specialty organizations, and CMS including NCCI and MUE. In coding scenarios where there appears to be conflicts between sources, we will apply the edits we determine are appropriate. We use industry-standard claims editing software products when making decisions about appropriate claim editing practices. Upon request, we will provide an explanation of how we handle specific coding issues. If appropriate coding/billing guidelines or current reimbursement policies are not followed, we may deny the claim and/or recoup claim payment.

Overview:

For EmblemHealth/ConnectiCare contracts that follow grouper payment methodology.

Ambulatory Surgical Grouper

Paid as Surgical when billed with Revenue Codes 360 or 490

In addition to the above, if surgical services are billed with revenue codes other than those listed above and the claim contains charges for anesthesia and/or recovery room, claim will be priced according to surgical contracted rates unless otherwise negotiated.

This rate sheet is not a guarantee of payment for a particular EmblemHealth/ConnectiCare Member’s treatment. EmblemHealth/ConnectiCare claims edits and payment policies, including your group agreement terms and conditions with EmblemHealth/ConnectiCare, may impact EmblemHealth/ConnectiCare payment liability and a Member’s cost-sharing obligations. EmblemHealth/ConnectiCare reserves the right to review claims for correct coding.
